Year Motor Warranty

Your choice for comfort

Five-year Motor Warranty

Elero has been a worldwide manufacturer of tubular and lift/tilt motors since 1964. Key attributes of Elero's success are innovation and quality control. The Elero commitment to you is to build quality motors backed by a *five-year warranty* on normal applications and to provide application and installation support when needed.

- Broad selection of sizes and load capacities to match each application with the right motor.
- Easy-set limit switches are conveniently located for quick adjustment of travel limits.
- Fully encapsulated motor coil is shock- and fire-resistant, plus it provides increased protection against moisture.
- Limit switch override available on some models.

Toll Free Technical Support at (800) 752-8677

Technical support is just a phone call away for:

- Design selection of motor size versus load factors
- Custom wiring configurations
- Motor control options
- Troubleshooting
